

A LEGACY ENGRAVED IN STEEL

THE WORDS A NATION CHOSE

Along the barrels, inlaid in gold, are the words a nation chose for itself over time – from the Declaration to the Constitution and on to the present day:

We the People on the right, *In God We Trust* on the left. They were not written on a single morning, nor by a single hand. They were arrived at, defended, and kept. That is why they were chosen for this piece: not as decoration, but as the shortest possible account of what these two hundred and fifty years have meant.

TWO AND A HALF CENTURIES

On the fourth of July, 1776, a nation declared that it existed before it knew whether it would survive. Two hundred and fifty years later, that decision belongs to every American – in the words they were taught as children, in the freedoms they exercise without thinking, in the country they hand to their own children.

An anniversary of this magnitude comes once in a lifetime, and no living generation will see the next one. The 250th Anniversary was created to mark it.

Zoli Tech Innovation
DETACHABLE TRIGGER

All Zoli guns are fitted with a hand detachable Zoli designed lock system. All Z-Guns series trigger assemblies have their critical parts Titanium Nitrate treated and the powerful main coil springs are coated with a self-lubricating material for maximum corrosion resistance and minimum wear.

Hammers, sears and trigger plates are precision CNC machined, specially hardened and ground. All trigger shoes are adjustable fore and aft. This complex assembly is then tested and hand fitted by expert gunsmiths.
